IMCOPIPES FZ-LLC ENVIRONMENTAL MANAGEMENT POLICY

Imcopipes recognizes that conservation of global environment is one of the most crucial issues common to all humankind. When we conduct our business, we will always give due and careful considerations to the environment.

Imcopipes makes every effort to minimize any negative impact of our business to the environment by paying meticulous attention to our commodities and services when we import, export, and domestically distribute. We also observe the following general rules with regard to environment issues:

- Prevent Pollution produced as a result of its activities, products and services
- Make available environmental awareness training to all of its employees
- Ensure compliance with environmental legislation and any other relevant requirements
- Aim to reduce energy consumption
- Annually review the Company environmental performance and implement remedial actions as required

Objectives

Imcopipes has identified the following key objectives:

1. Reduce the volumes of waste and recycling by re-using excess materials where appropriate
2. Promotion of environmental issues with customers and suppliers and sourcing of an environmentally friendly supply chain
3. Reduction in the consumption of energy by implementing energy saving systems in our logistic chain (e.g. use of railway where possible)
4. Ensure employee compliance with policy and best practice principles
- 5.Reduction of carbon footprint through:

- a. Sourcing of local raw materials from local suppliers consistent with the LCB Construction EMS
- b. Providing eco-driver training for all employees / sub-contractors who use a vehicle for business purposes
- c. Assessment of office space and use of low energy office hardware where appropriate

Commitment

Imcopipes will ensure that suitable and sufficient environmental objectives are in place and performance against them is regularly tracked and communicated, to enable it to achieve its mission in a manner which contributes to the environmental pillar of sustainability

This policy has full support of all senior management and employees within Imcopipes. The Directors are responsible for implementing this policy and communicating it to all employees. The policy will be reviewed on a regular basis to ensure that it remains appropriate to the size and nature of Imcopipes.
